

Solara collection 7lt Chand Graphite

The Solara collection from designer Sarah Baeumler introduces this striking 7-light foyer chandelier, featuring organically shaped glass shades suspended at varying heights. The fixture is elegantly anchored by a plated graphite canopy and hardware, providing a sleek, modern contrast to the artisanal glass. Integrated with LED 3CCT technology, the chandelier offers the flexibility to adjust the color temperature to create the perfect ambiance for your space. This sophisticated piece combines a unique, flowing silhouette with high-performance lighting, making it an ideal statement for dining areas or entryways.
