

Roselle Collection Legacy Brass

Designed by Sarah Baeumler, this striking linear island chandelier from the Roselle Collection combines mid-century inspiration with modern organic textures. The sophisticated Legacy Brass frame is beautifully adorned with a continuous row of handcrafted “Piastra” glassware, which features a unique, frozen-in-time ripple effect. This artistic glass is expertly LED illuminated, casting a warm and inviting glow that highlights the intricate details of each individual plate. For ultimate flexibility, the fixture is 3CCT enabled, allowing you to select the perfect color temperature to complement your space. Great for a dining room or island area.
