

Designed by Steven Sabados of S&C, this elegant single LED pendant is a standout piece from the Terra Collection. The fixture features a minimalist black frame and matching canopy that perfectly complements its modern architectural aesthetic. A single, sophisticated clear glassware globe is suspended from the frame, beautifully showcasing the integrated LED light source. For ultimate versatility, this pendant is 3CCT enabled, allowing you to customize the color temperature to suit the specific mood or functionality of your space. Great for an island or bar area.
