

The Lumina collection presents this breathtaking LED linear island chandelier, designed to be a sophisticated focal point for your kitchen or dining area. The fixture features a row of seven linear lenses crafted from authentic alabaster stone, each showcasing unique natural veining that beautifully diffuses the light. These elegant stone elements are suspended from a streamlined rectangular canopy with a rich forged bronze finish, providing a warm and artisanal aesthetic. For complete environmental control, this model is 3CCT enabled, allowing you to select the ideal color temperature to highlight the natural beauty of the alabaster.
