adorne® Wired Smart Scene Controller with Netatmo, White
Part No. WNACB46W1

The Wired Smart Scene Controller allows you to hardwire a 4-button switch dedicated to controlling various scenes as configured in the Legrand Home + Control App. The scene controller requires a Smart Gateway with Netatmo to be installed and must be paired with the gateway. Once paired with the gateway, you can add other Smart Lighting with Netatmo devices to up to 4 different scenes that the controller is programmed to run. A great addition for setting the proper mood in living rooms, dens, bedrooms, and more. Made exclusively for use with Wall Plates from the adorne® Collection, sold separately.

Features & Benefits

Smart Gateway with Netatmo REQUIRED

One-Touch Control: Enjoy simple control of four lighting scenes (not including Home/Away and Wake/Sleep). Easily create and manage scenes from your smartphone or tablet using the Legrand Home + Control app

Easy Installation: Installs in a standard electrical box with push-in connections and wire leads (neutral wire required).

Part of the adorne with Netatmo solution, which flexibly fits a home's unique needs with a variety of supported smart switches, dimmers and outlets.

Must be used in conjunction with installed Smart Switches, Dimmers and/or Outlets with Netatmo for scenes.

Compatible with Smart Home Platforms: Can be onboarded to Amazon Alexa, Google Home and Apple Home, as well as other smart home platforms for greater home integration.

Reliable Performance: Features ultra-reliable performance through a robust and dedicated mesh network

Multiple Collections & Color Options: Choose from either the adorne® or radiant® collection to fit a home's unique needs. Additional color options available with use of Smart Lighting with Netatmo Color Change Kits

Complete the look with a stunning, screwless adorne® Wall Plate, not included. Available in a range of contemporary colors and finishes. Coordinate with other designer switches & outlets.
