

radiant Collection
radiant® Wired Wake/Sleep Smart Switch with Netatmo, White
Part No. WNRL44WH

Use this wired smart light switch to control the Wake/Sleep lighting scenes with one touch. Position near a nightstand or the door of an en suite bathroom for convenient morning and nighttime control. Easily replace an existing switch, then program it easily within the app. The switch requires a Smart Gateway with Netatmo to be installed and must be paired with the gateway. Once paired with the gateway, you can add other Smart Lighting with Netatmo devices to your Wake/Sleep scenes that the switch is programmed to run. Made exclusively for use with Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

Smart Gateway with Netatmo REQUIRED

One-Touch Control: Enjoy simple control of four lighting scenes (not including Home/Away and Wake/Sleep). Easily create and manage scenes from your smartphone or tablet using the Legrand Home + Control app

Easy Installation: Installs in a standard electrical box with push-in connections and wire leads (neutral wire required).

Reliable Performance: Features ultra-reliable performance through a robust and dedicated mesh network

Part of the radiant with Netatmo solution, which flexibly fits a home's unique needs with a variety of supported smart switches, dimmers and outlets.

Compatible with Smart Home Platforms: Can be onboarded to Amazon Alexa, Google Home and Apple Home, as well as other smart home platforms for greater home integration.

Multiple Collections & Color Options: Choose from either the adorne® or radiant® collection to fit a home's unique needs. Additional color options available with use of Smart Lighting with Netatmo Color Change Kits

Available in a range of contemporary colors and finishes. Coordinate with other designer switches & outlets.

Screwless Wall Plate Included: Includes a radiant® wall plate in the box.
