

radiant Collection
radiant® Wired Remote Smart Dimmer with Netatmo, White
Part No. WNRL64WH

The Wired Remote Smart Dimmer allows you to hardwire remote control of a primary smart dimmer. The Remote Smart Dimmer is line voltage powered and communicates wirelessly back to an installed primary smart dimmer. The remote dimmer must first be paired with a Smart Gateway with Netatmo and then associated, through the Legrand Home + Control app, with another already installed primary smart dimmer. This is ideal for locations where you are converting existing 3-way or multi-location dimming control to become part of your smart home. In new construction it allows for faster installation with the removal of the traveler wire requirement as each wired remote communicates wirelessly back to the primary device, saving on installation time and cost. Made exclusively for use with Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

Smart Gateway with Netatmo REQUIRED

Eliminate Traveler Wires: Wired remotes are line voltage powered and communicate wirelessly back to a primary switch or dimmer – eliminating the need to run separate traveler wires in new construction for multi-location control.

3-Way Control for Smart Lighting: Designed to be used in 3-way or multi-location control environments when paired with a primary smart lighting with Netatmo dimmer.

Pairs with Smart Lighting with Netatmo Primary Devices: Pairs with a Smart Lighting with Netatmo primary smart dimmer.

Part of the radiant with Netatmo solution, which flexibly fits a home's unique needs with a variety of supported smart switches, dimmers and outlets.

Reliable Performance: Features ultra-reliable performance through a robust and dedicated mesh network

Compatible with Smart Home Platforms: Can be onboarded to Amazon Alexa, Google Home and Apple Home, as well as other smart home platforms for greater home integration.

Multiple Collections & Color Options: Choose from either the **adorne®** or **radiant®** collection to fit a home's unique needs. Additional color options available with use of Smart Lighting with Netatmo Color Change Kits

Available in a range of contemporary colors and finishes. Coordinate with other designer switches & outlets.

Screwless Wall Plate Included: Includes a radiant® wall plate in the box.

Specifications

General Info

Product Line	Pass & Seymour	Color	White
Finish	Satin	UPC Number	785007449259
Country Of Origin	China	Material	Polycarbonate

Features	Smart Lighting, With Netatmo		Switch Type	Paddle
Number of Switches	1		Wall Plate Color	White
Works With	Amazon Alexa, Apple Home Kit, Google Home		Application Sector	Commercial, Multi-Dwelling Unit, Residential
Wall Plate Included	Yes		Standard	UL, cULus, FCC, ICC
Warranty Type	1-Year Limited Warranty		Type	Dimmer
Dimensions				
Product Width US	1.81 in		Product Weight US	0.159 lb
Product Depth US	1.11 in		Product Height US	1.5 in
Product Length US	4.78 in			
Listing Agencies / 3rd Party Agencies				
cULus Listed	Yes		FCC Compliant	Yes
Additional Information				
RoHS Compliant	Yes			
Technical Information				
Connection Location	Back Only		Terminal Accommodation	#14 AWG - #12 AWG
Connection	Wired		Number of Gangs	1
Amperage	0.1 A		Number of Poles	Multi-Location
Requires Neutral Wire	Yes		Indoor/Outdoor	Indoor
Mounting Type	In-Wall		Wire Connection Type	Internal Terminal Screw
Voltage	120 VAC
