

ASSEMBLING & INSTALLATION INSTRUCTIONS

The drawing shown may not exactly match the product enclosed.
However, the installation instructions do apply to this product.

51517

- ◆ **WARNING! SHUT POWER OFF AT FUSE OR CIRCUIT BREAKER.**
- ◆ **ATTENTION! COUPER LE COURANT AU FUSIBLE OU UN DISJONCTEUR.**

ASSEMBLING THE FIXTURE (Fig.1)

1. Shut off the power at the circuit breaker box. Remove old fixture and all hardware from Junction Box.
2. Carefully unpack your new fixture and lay out all the parts on a clear area. Take care not to lose any small parts necessary for installation.
3. Slide the electrical wires through the tube(B) and sloped connector(A) .
4. Raise the lamp body(C), tube(B) and sloped connector(A) to the pipe thread in order, then by turning it clockwise until tight.
5. Attach the mounting plate to the junction box with the two junction box screws as shown. The side of the mounting plate marked "GND" must face out. **The junction box is not included.**
6. Note: Using mounting holes in mounting plate, secure to ceiling using wood screws and plastic anchor, toggle bolts, or alternate fasteners. Choice of fasteners depends on ceiling material.
7. While holding the fixture lamp towards the ceiling, connect the electrical wires as Shown in Fig.2, making sure that all wire nuts are secured. You may have to wrap the connections with electrical tape. If your junction box has a ground wire (green or bare copper), connect the fixture ground wire to it. Otherwise connect fixture's ground wire directly to the Mounting plate with the green screw provided. After wires are connected, tuck them carefully inside the junction box.
8. Raise the canopy on to the junction box, aligning the thread holes on mounting plate with mounting holes in canopy, lock it securely with the ball nuts.
9. Install the light bulbs(Not included) in accordance with the fixture specifications. **NOTE: DO NOT EXCEED THE SPECIFIED WATTAGE!**

Your installation is now complete. Return power to the junction box and test the fixture.
