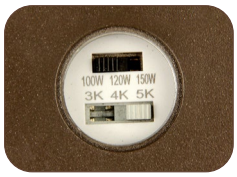
AE Switch Area Light (Includes Remote Control Switching from the ground!)

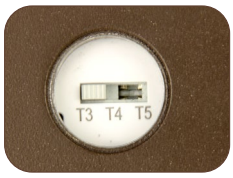
Toolless housing access

INDUSTRY PROGRESS REPORT 2025 SELECTION

150W with Slipfitter

150W with Flexible Arm





Switchable Wattage/ CCT/Distribution

150W with Straight Arm & optional remote for CCT/Distribution

Product Description

The AE Switch Area Light offers tremendous selectability and controls capabilities. Besides CCT and Wattage choices, it expands its versatility to include changing distributions between Types III, IV and V. Now available with the ability to change CCT and Distribution with a remote control from the ground! It covers wattages ranging from 75W-300W in either 120-277V or 277-480V using two low EPA housings. It also offers a variety of mounting options along with visor accessories. All of this is available with robust surge protection and Maxlite's proven quality bringing you great value in a competitive Value Series package.

Features

PATENT PENDING

- 27 performance options just a switch away!
  - Distribution Types III, IV or V
  - CCT selectable between 3000/4000/5000K
  - Wattage selectable
- Remote Control option to change CCT and Distributions from the ground, just point and click!
- c-Max and/or twist lock receptacle control options
- Universal 120-277V standard, High Voltage 277-480V option
- Robust surge protection - 6kV + 10kA standard with 20kA option
- Toolless housing access for easier maintenance
- 6 different mounting options for wall, pole, ground or slipfitter applications
- ANSI 3G vibration rated
- TAA compliance available for select models
