

Works with Most
Smart Home Hubs

Product Description

The strip boasts four individually controlled outlets that can be conveniently managed using an app. It also includes two USB charging ports for small electronic devices, although these ports are not controlled through the app. For easy identification, you can assign custom names to each of the four outlets within the app. Experience effortless control over your devices with this versatile strip directly from most common smart home hubs like Google and Alexa.

Features

- Surge protection to 245 Joules
- 4 Total AC Outlets, 2 USB ports
- Product color: White

Specifications

Specifications	APS-6/USB/SMTR-G2
OPERATING VOLTAGE	Max 125V AC
NOMINAL INPUT FREQUENCY	60Hz
OUTPUT POWER	Max 1875W
LINE CURRENT	Max 15A
CORD TYPE	SJT 14AWG/ 3C 4FT 60°C with 5-15P plug
USB OUTPUT	2 x 1A USB Ports. 5V $\pm$ 0.25V. Max 2.4A
SURGE PROTECTION	245 J. 700V (L-N), Type 3 SPD
HOUSING	ABS
CERTIFICATIONS	ETL, FCC CFR Title 47 Part 15 Subpart B Class B
SAFETY	Conforms to UL1363, Certified to CSA STD C22.2 NO 308
OPERATING TEMPERATURE	32° F to 104° F
ENVIRONMENT	Indoor Use only
WARRANTY	1 year
PROGRAMMING	Wireless supporting 2.4 GHz. Remote Control Devices through 3G, 4G or Wi-Fi LTS SMART App 4.1 or higher (IOS and Android)
COLOR	White
WEIGHT	553.46 grams
RADIO FREQUENCY	2.4GHz Wi-Fi
